

DIRECTV How-To

1. Completely fill out the S&S Broadband Subscriber Form and the top section of the blue DIRECTV Annual Programming Agreement. **You do not need to pick out a programming package at this time, you will select your programming package after you connect your receiver and call DIRECTV to activate your service.** Your account includes one free receiver, please indicate any extra receivers you would like. Please note that each extra receiver costs \$25.00. Also note that each apartment has one working outlet in the living room. Please check your apartment for outlets in any other room you would like to have DIRECTV installed. If you require additional outlets you may order them from S&S Broadband (800) 983-3333.
2. If you order your service at least 3 weeks prior to your move-in date, your receiver should be at our office when you pick up your keys. Otherwise we will contact you at the phone number provided on the S&S Broadband Subscriber Form when your receiver arrives. At that time you should come to our office at 610 Church Street and pickup your receiver and directions to setup your service.
3. Take your receiver to your apartment and follow the instructions to setup your service. The steps to follow include: connecting your receiver and setting it up for a stacked system, and calling DIRECTV to activate your service and select your programming package.

**Package channel lineup and pricing questions
can be answered by calling DIRECTV at (800) 531-5000,
or by visiting them on the web at: <http://www.directv.com>**

**Any other questions regarding DIRECTV at your building
or to order additional outlets, please call S&S Broadband at (800) 983-3333**
