

Directions for stacked receiver setup

Please follow the instructions below. **You will need to have a television connected to your receiver in order to perform the setup.** If after you've followed all the instructions and still have a problem, please don't hesitate to call.

ALL RECEIVERS MUST BE ACTIVATED (called in) USING YOUR PRE-ASSIGNED DIRECTV ACCOUNT #. Prime Student has this information if you do not already have it.

DirecTV # 800-531-5000

1. With your remote press the **Menu** button. The main menu will appear on the left side of the screen.
2. Arrow down to **System Setup** and press **Select**.
3. Select the **TEST**.
4. Arrow over to begin test. **DO NOT press select.**
5. Press the **INFO** or **FAV** button.
6. A hidden menu will appear. Press **LNB Select**
7. Arrow over to **STACKED** press select.
8. Once that is done, go back to the **INSTALL** menu.
9. Arrow over to **AUTOCONFIG** and press select.
10. System will FAIL. (This is normal)
11. Arrow back to **INSTALL** and the program guide will download.
12. Select **VIDEO**. All subscribed programming will be activated.

This will need to be done for all receivers.
